

INTRODUCTION TO FILM MAKING, LEVEL 1

Overview

In this creative and technical class, students will learn the fundamentals of film and video editing using Adobe Creative Suite. From basic assemblies to more complex techniques, the class will look at the history and development of editing.

The course will be taught through a combination of lectures, class discussions, video essays, film clips, and demonstrations. Most of the sessions will consist of practical editing.

On completion you will achieve a Level 1 Award in Creative Media Production.

What will I learn?

Over the duration of the course, sessions will address:

- The basics of Adobe Premiere Pro
- File management and organisation
- The image chain from capture to final export
- The history of editing in film
- Assembly techniques and tools
- Multi-camera editing techniques
- Colour grading
- Keyframes and effects
- Graphics and titles
- Music, dialogue and sound effects
- Visual storytelling
- Collaborative working
- Film terminology and copyright

How will I be assessed?

There is no formal examination element to this course. Learners will keep a blog recording their progress.
