

MATHEMATICS A-LEVEL

| | |
|-------------|------------------------------|
| Course Mode | Part-time |
| Location | Milnthorpe Road Campus (MRC) |
| Duration | 2 Years |
| Level | 3 |

Course Overview

A-Level Mathematics offers students with a good understanding of Maths the chance to study it at a higher level.

You will complete the AS Level in the first year and the A2 in the second to form a full A-Level.

This course provides a thorough grounding in the mathematical tools and techniques often needed in the workplace. The logic and reasoning skills developed by studying A Level Maths make sure the qualification is widely respected even in non-mathematical arenas.

Skills gained include:

- an understanding of the mathematics that underpin many aspects of our lives
- the ability to apply a range of mathematical skills to different situations
- acute logical thinking and problem-solving abilities
- the ability to process, interpret and analyse information

The course can be taken in the following ways:

- Within KC Sixth with another two, possibly three A-Levels, tutorial and optional EPQ and Core maths
- As an 'add on' to a Full Time Level 3 Study Programme at the College, for example alongside a BTEC Extended Diploma
- As a stand-alone part-time course

If you would like to study a full-time programme of A-levels, please complete a full-time application form.

Entry Requirements

The entry requirements for this course are:

5 GCSEs at Grade 5 or above (A*-C) which must include English Language.

GCSE Maths at Grade 7 (or A).

If you would like to study this course part-time, please contact the A-Level tutor:

Andrew Hawkins: Andrew.Hawkins@kendal.ac.uk

If you would like to study a full-time programme of A-levels, please complete a full-time application form.

After your course

Throughout the AS and A-Level Mathematics programme, students are encouraged to think logically and analytically. These fundamental maths skills are useful across all kinds of disciplines and careers.

A-level Mathematics is a good choice for students considering higher education in any science or maths-based course, ranging from Biochemical Sciences, Natural Sciences, Engineering, Medical Science and Psychology to Philosophy, Economics, Accountancy, Management and Actuarial Science.

Career opportunities for students who study A-Level Mathematics include: industry, accountancy, finance, economics, healthcare, medicine, veterinary science and engineering.

Fees

£724.00

Course fees are per year. The current fee information is related to the 2019/20 academic year and is subject to change before the start of the course. Fees for 2020/21 will be updated in the Spring Term. There may also be additional costs associated with the course.

This course is funded by the government and may be free if you are:

- Aged 16-18 on 31/08/19
- Aged 19-23 on an Entry Level or Level 1 course with intent to progress to a Level 2 course
- Aged 19-23 on your first full Level 2 or Level 3 course
- Aged 19-23 on your first Level 4 course (if you haven't already got a Level 3 qualification)
- Aged 19+ on Functions Skills or GCSE English or Maths
- Unemployed and in receipt of JSA/ESA(WRAG)/Universal Credit or another eligible state benefit on an Entry Level, Level 1 or Level 2 course
- Member of a low income household & in financial hardship on an Entry Level, Level 1 or Level 2 course
