

ADVANCED MANUFACTURING ENGINEERING

Course Mode

Part-time

Location

Milnthorpe Road Campus

Duration

33 weeks

Level

3

Course Overview

Aimed at learners working in a range of roles in the Engineering and Manufacturing sector, this qualification could lead to employment in several sectors including for example Manufacturing Engineering, Maintenance Engineering, or Machining. The qualifications give learners the opportunity to study mandatory units, including:

- Communication for engineering technicians
- Mathematics for engineers
- Health and safety in the engineering workplace
- CAD
- Engineering Project Management

The course will develop a range of positive attitudes and professional attributes that support successful performance in the manufacturing engineering work environment and achieve a nationally recognised Level 3 qualification.

Fees

£2499.00

The fee displayed is the course fee. Course fees are per year for full-time & degree-level courses, and per course for part-time courses.

There may be other costs associated with this course e.g. kit, equipment, books, trips etc. Financial support may be available to support you with these. See the [Student Money](#) pages for more information.

Courses Fees

The current full-time & degree-level fee information is related to the 2022/23 academic year.

Entry Level, Level 1 & Level 2 Courses

You may qualify for financial support to cover the cost of a government-funded qualification if any of the below apply to you:

- Have an annual salary of less than £18,525
- Receive an eligible means-tested benefit e.g. JSA, ESA or Universal Credit
- Are aged 16-18 on 31/08/22 and are not studying at another school/college
- Are aged 19 or over on 31/08/22 and do not already have a Level 1, 2 or 3 qualification
- Have a household income under £35,000 and are in financial hardship

See the [Student Money](#) pages for more information.
