

HEALTH T-LEVEL

Course Mode	Full-time
Location	Milnthorpe Road Campus
Duration	2 Years
Level	3

Course Overview

T-Level summary:

- Two-year courses
- Equivalent to 3 A-Levels
- Created alongside employers
- Include an extended industry placement (315 hours minimum)
- Attracts UCAS points
- Supports progression into a skilled occupation; higher or degree level apprenticeships; higher-level technical study, including university

The course will give you the knowledge, skills and behaviours needed to progress into all areas of nursing, including adult nursing, mental health, paramedics, and midwifery.

Meaningful work placements

Our T-Level students gain direct clinical and ward experience with the University Hospitals of Morecambe Bay NHS Foundation Trust. Students have two 3-week block placements per year, where they put their skills into action.

You will have the opportunity to work in at least two nursing wards, for example, medical assessments, orthopaedics, strokes, gynaecology, acute frailty, general surgery, operating theatre, paediatrics, and dementia.

This course is designed to develop your knowledge, core skills and values in a health context, providing a great foundation to studying specialist areas of nursing at university.

The core content includes:

- working within the health and science sector
- health, safety and environmental regulations
- managing information and data
- principles of good scientific and clinical practice
- core science concepts, including the structure of cells, tissues and large molecules, genetics, microbiology and immunology

You will also learn about topics specific to health, including:

- understanding the healthcare sector
- providing person-centred care
- supporting health and wellbeing
- further knowledge of both human anatomy and physiology and of diseases and disorders
- infection prevention and control

Health Suites

You will have access to two Health Suites within the college. These simulated health environments replicate real-life care settings, enhancing your practical development. Our facilities include a clinical care environment featuring a replica ward area with simulation mannequins. The suites also have a clinical treatment/therapy area and a seating area simulating a consulting room.

Assessment

Assessment is via practical & academic-based assignments, examinations and a series of assessed tasks based on a case study.

Further opportunities

The department organises a variety of guest speakers throughout the year, and you will have the opportunity to be part of a European residential trip.

Awarding body

This qualification is awarded by [NCFE](#).

Entry Requirements

This qualification is designed for post-16 students.

5 GCSEs at grade 4 to include English, maths and science.

After your course

This course enables progression to employment as healthcare assistants and ambulance support workers, and on to a variety of university courses, for example:

- Undergraduate BSC (hons) degrees in Adult, Children, Learning Disabilities or Mental Health Nursing
- BSC (hons) in Midwifery, Radiography, Occupational therapy, Paramedic Science
- Nursing Associate Foundation Degree.

The courses may also lead onto higher-level apprenticeship programmes within the health and social care sector.

Fees

£2882.00

The fee displayed is the course fee. Course fees are per year for full-time & degree-level courses, and per course for part-time courses.

There may be other costs associated with this course e.g. kit, equipment, books, trips etc. Financial support may be available to support you with these. See the [Student Money](#) pages for more information.

Courses Fees

The current full-time & degree-level fee information is related to the 2022/23 academic year.

Entry Level, Level 1 & Level 2 Courses

You may qualify for financial support to cover the cost of a government-funded qualification if any of the below apply to you:

- Have an annual salary of less than £18,525
- Receive an eligible means-tested benefit e.g. JSA, ESA or Universal Credit
- Are aged 16-18 on 31/08/22 and are not studying at another school/college
- Are aged 19 or over on 31/08/22 and do not already have a Level 1, 2 or 3 qualification
- Have a household income under £35,000 and are in financial hardship

See the [Student Money](#) pages for more information.
