

PLUMBING

Course Mode	Full-time
Location	Milnthorpe Road Campus
Duration	1 Year
Level	3

Course Overview

This technical qualification focuses on the development of knowledge and practical skills needed for working in the Plumbing and heating industry and will prepare you to enter a plumbing apprenticeship programme. On completion of the apprenticeship, you the learner will be recognised by the industry as a competent plumbing and domestic heating engineer, and you will also achieve Gas Safe registration.

The new technical certificate is run in conjunction with employers and experienced tutors from industry meaning you as the learner experience the best possible teaching and training available, Subject content consists of complex cold hot central heating and biomass technology, Synoptic assignments which are held in practical workshops and the classroom provide the experience needed to carry out design of all aspects of plumbing and heating systems. Subjects content consists of complex cold water, complex hot water, complex central heating, and environmental technology systems.

Entry Requirements

Level 2 Diploma in Plumbing or APL with several years in in industry for Adults.

After your course
