Course Overview

The VTCT Level 3 Certificate in Anatomy, Physiology and Pathology for Complementary Therapies (QCF) is a knowledge-based qualification which will provide you with a sound foundation to pursue a career as a Complementary Therapist.

Learning Styles:

Classroom based, lectures, group and individual work.

This qualification will develop your knowledge and understanding of the organisation of the body, and the structure, function and pathologies of the skin, hair and nails.

You will also learn about the structure, function and pathologies of the human body systems, including, the skeletal, muscular, nervous, endocrine, respiratory, cardiovascular, digestive, urinary and reproductive system.

College assessed assignment plus a multiple choice written external assessment and a portfolio of evidence.

Entry Requirements

There are no entry requirements for this course.

After your course

This module provides the underpinning knowledge for a broad base of Complimentary, Sport and Beauty Therapy courses.

Fees

£699.00

Course fees are per year. The current fee information is related to the 2019/20 academic year and is subject to change before the start of the course. Fees for 2020/21 will be updated in the Spring Term. There may also be additional costs associated with the course.

This course is not funded by the government and is full cost. As such, the course is the price stated for all students. If you are paying for your course, there may be the option to pay by instalments if the course fees are over £200 and the course duration is 15 weeks or more. Please [speak to Student Services](#) for more information on course fees.
