

# DOMESTIC VENTED & UNVENTED HOT WATER STORAGE SYSTEMS

Course Mode	Part-time
Location	Milnthorpe Road Campus (MRC)
Duration	1 Week
Level	N/A

## Course Overview

This course covers initial, and re-assessment of unvented hot water storage systems and therefore caters for everyone working in the industry.

Training and assessment are carried out in one day in our workshop with experienced Kendal College lecturers who have extensive knowledge of the industry.

We also offer a mobile facility to deliver this course on-site for large groups.

As an addition, we can cater food-wise for large groups or individuals at a very reasonable cost, and cater for all taste.

## Entry Requirements

Operatives must hold the relevant vocational qualification from the industry.

## After your course

We offer a full range of other accredited courses which are BPEC aligned, including foundation courses which can help people to gain entry to the

industry who currently are not working in construction. For further information, please contact Stuart Lovell: [stuart.lovell@kendal.ac.uk](mailto:stuart.lovell@kendal.ac.uk)

## Fees

£195.00

Course fees are per year for full-time & degree-level courses, and per course for part-time ones. The current full-time & degree-level fee information is related to the 2020/21 academic year and is subject to change before the start of the course. Fees for 2021/22 will be updated in the Spring Term. There may also be additional costs associated with the course.

This course is not funded by the government and is full cost. As such, the course is the price stated for all students. If you are paying for your course, there may be the option to pay by instalments if the course fees are over £200 and the course duration is 15 weeks or more. Please [speak to Student Services](#) for more information on course fees.
